

AUSTRIANS TO GET PEACE TERMS THIS WEEK

ENEMY PREPARES SUBSTITUTES FOR TERMS OF PEACE

Voluminous Proposals Will Be Submitted to the Allies.

Paris, May 14.—The German peace delegation is busy preparing voluminous counter proposals for submission to the allied and associated powers as substitutes for terms of the peace treaty. Several economic sub-committees of the delegation met today, including the one on coal supply.

COMMITTEE TO ANSWER ENEMY
By Associated Press Leased Wire
Paris, May 14.—The council of four of the peace conference appointed this afternoon a subcommittee comprising one member from each of the five great powers (Great Britain, France, Italy, the United States and Japan) to deal with objections and proposals from the German peace plenipotentiaries.

One of the notes under consideration is a note presented by Count Von Brockdorff-Rantzau Tuesday night asking authorization for the sending of German officers to greet the Austrian peace delegation on its arrival at St. Germain. Press opinion is that the request will be denied.

Waterways Discussed
The council of four held a meeting this morning considering problems relative to ports and waterways and some details of the Austrian treaty. It is presumed that the German note which was reported to have been delivered last evening was also taken up by the council.

New Notes Received
Three notes from the German delegation were delivered to the council this morning. They were very long but the subjects discussed have not as yet been disclosed.

The three German notes delivered to the council of four, the Havas agency says deal with the following subjects:

The first, the effect of the peace terms upon Germany's economic situation; the second, with the manner in which President Wilson points are applied, which is protested against and the third, with the principles of the reparations demands, which are protested, although it is declared that Germany is prepared to subscribe to them.

British Would Pool Ships
Renewed efforts are being made by the British delegation to secure an agreement calling for the pooling of former German merchant vessels and their distribution on a basis of tonnage loss during the war instead of the plan of the United States retaining those ships interned in America prior to that country entering the war.

Poland is laying claims to some of the warships surrendered by Germany. She presented her claims to the council of foreign ministers this afternoon.

LOWER FLOUR IS ASSURED, JULIUS BARNES ASSERTS

Conference with Wheat Representatives Has Been Beneficial.

By Associated Press Leased Wire
New York, May 14.—An immediate reduction in the price of wheat, reaching all down the line from the producer to the baker, is believed assured, according to a statement issued today by Julius Barnes, wheat director, following a prolonged conference yesterday between Mr. Barnes and representatives of the grain industry, including grain handlers, millers, jobbers and bakers.

The statement issued by Mr. Barnes says:

"There was a general agreement that in order that all the wheat producers of the country should secure equal benefits, that the various trades could be bound by contracts to see that wheat trading should be only on the guaranteed price, and, if a lower basis was justified with the developments of world factors as the season advanced, this lower basis should be made to reach the consumer by trade agreements with millers and manufacturing facilities, the wheat director making the readjusting basis effective by the payment of the difference as allowed under act of congress.

In return for protection against a fall in price, after the guaranteed price had been made for wheat bought, the wheat director would require from the various trades contract obligations by which their trade practices and margins of profit would be subject to review and control by the wheat director.

"It was suggested, for instance, that the mills agree that their total gross operating profits between wheat bought and the finished products sold should not exceed an agreed basis per barrel of flour manufactured, thus assuring immediate reflection to the consumer of any reduced price of wheat supplied to the mills."

In response to a request of Mr. Barnes, President Gates of the Chicago board of trade is expected to arrive here tomorrow to confer with him and other food administration officials. It is understood the discussion will bear upon trading conditions on the board of trade.

ELOPERS TRIED TO GET LICENSE IN DIXON COURT

Mendota Wife and Her Young Paw Paw Lover Here.

Mrs. Louise Nance, the 28-year-old Mendota girl-wife, whose husband is in France, and Roy E. Clemens, the 15-year-old Paw Paw boy, with whom she eloped to Aurora, where they were arrested Monday night, mention of which was made in the Telegraph last night, attempted last week to secure a marriage license at the Lee County Clerk's office, but because of the boy's extremely youthful appearance, it was refused them. Similar experiences were encountered by the couple in their travels about the country in an effort to get married, as is indicated by the following story of their arrest from the Aurora Beacon-News:

She was married and 28. He was a farmer boy of 18, rosy cheeked and sturdy. They loved. She led. She took him to first one town and then another trying to get a license to wed, but his innocence cheated her. Marriage license clerks looked at him when he said he was 21 and laughed. One told him to go "home to mamma." Finally the two got into this part. They tried to tie up at the Schlitz hotel, but the harbor master wouldn't give them a berth. So

NAME CUMMINS PRESIDENT PRO TEM OF SENATE

Sen. Lodge Re-elected G. O. P. Party Head in Conference.

By Associated Press Leased Wire
Washington, D. C., May 14.—Senator Cummins, of Iowa, favored by the progressive group, was chosen unanimously for president pro tempore of the senate at the organization conference today of republican senators. Senator Lodge, of Massachusetts, was re-elected party leader and discussion of the controversy over committee chairmanships for Senators Penrose of Pennsylvania and Warren, of Wyoming, was postponed.

Progressives Fight.
Senator Lodge was authorized to appoint a committee on committees and pending its report the fight of the progressives against election of Senator Penrose to the chairmanship of the finance committee and of Senator Warren as head of the appropriations committee will be held in abeyance.

The progressives, however, at a meeting before the conference determined to pursue their opposition to the senate floor if necessary. Some of the progressives said they had reports that the democrats might be asked to cooperate to elect Senator Bois Penrose by absenting themselves when the finance committee is organized and thus offsetting the progressive opposition.

43 Senators Present.
Forty-three of the 49 republican senators and senators-elect attended the conference today. The absentees were Senators Cummins, La Follette of Wisconsin, Gronna of North Dakota, Townsend of Michigan, Lenroot of Wisconsin and Fall of New Mexico.

Beside the president pro tempore, the conference chose its candidates for all other senate offices. George A. Sander-son, a Chicago attorney, was selected for secretary and David Barry a Providence, R. I., newspaper man for sergeant-at-arms.

Senator Curtis Whip
Senator Curtis of Kansas was re-elected whip without opposition and Senator Wadsworth of New York was again chosen secretary of the conference.

Senator Cummins was nominated for president pro tempore by Senator Borah, regarded as the leader of the progressive group, and was chosen by acclamation. Senator Knox of Pennsylvania, nominated Senator Lodge for party leader and chairman of the conference.

Senator Brandegee of Connecticut, identified with the regulars, will be chairman of the committee of nine authorized to assign committee places and Senator McCumber of North Dakota will be chairman of the steering committee, but Senator Lodge deferred announcements of other appointments.

U. S. SEAPLANES MAY LEAVE FOR EAST THURSDAY

NC-4 Reaches Halifax On Way to Join Two Other Flyers.

BULLETIN
By Associated Press Leased Wire
Halifax, N. S., May 14.—The American naval seaplane NC-4 arrived at 2:10 p. m. (Halifax time) from Chatham, Mass.

Allowing for an hour's difference in time between this part and Chatham, the plane made the flight of approximately 300 nautical miles in three hours and 45 minutes.

By Associated Press Leased Wire
Trepassey, N. F., May 14.—Weather conditions over the Atlantic today were not as propitious as were expected and the indications were this forenoon that Commander John H. Towers would postpone the start of the American naval planes on their trans-Atlantic flight until tomorrow.

The belated NC-4, flying from Chatham, Mass., was expected here this evening to join her sister planes, the NC-1 and NC-3, and if she arrives Commander Towers said that the three overseas flyers might "hop off" together. The NC-4 however probably will require 24 hours overhauling, but if she is here and weather conditions do not disappoint it was considered probable that tomorrow night would see the planes off on their moonlight trip to the Azores.

By Associated Press Leased Wire
Chatham, Mass., May 14.—The naval seaplane NC-4 left here at 9:25 a. m. to join the NC-1 and NC-3 at Trepassey, N. F., starting point of the trans-Atlantic flight. The NC-4 was to fly today to Halifax.

Two seaplanes from the naval aviation here, numbers 1350 and 1915, left here about ten minutes behind the NC-4. They were ordered to convey her to the first ship of the destroyer patrol, fifty miles northeast of here.

While it was said that the NC-4 would stop at Halifax and would not attempt to make the distance to Newfoundland in one flight, naval authorities said that if the engines work properly Lieutenant Commander A. C. Read might decide to resume his flight from there for Trepassey tonight.

COUNCIL DEFERS ACTION ON PLAN FOR BOND SERIES

Depot Ave. Watering Trough Question Not Settled.

No action was taken by the city council last evening with reference to the bond issue proposed at the meeting a week ago. City Attorney R. H. Scott was present last night and was asked many questions concerning the bond matter, which will doubtless be taken up at the next session. Considerable time was devoted last evening to the discussion on the advisability of starting a bond issue and many were the legal harrierades that stood in front of every proposal offered. In order to simplify the matter, the entire movement was allowed to hold over until the next meeting in which time certain valuable information will be collected.

The Noble avenue city water extension proposition was again brought up last evening and for the last time. This is a matter that has been allowed to lay over for this council to dispose of and after appointing Commissioner John Armstrong to personally investigate the condition, he last evening offered a motion to the effect that the

GERMAN GOVERNMENT WILL "STICK TO END" PRES. EBERT ASSERTS

German Leader Hopes U. S. Will Reject Terms of Peace Treaty.

By Associated Press Leased Wire
Berlin, Sunday, May 11.—(Delayed)—Declaring that the terms of peace presented by the allied and associated governments to Germany "contemplate the physical, moral and intellectual paralysis of the German people; that Germans were "hypnotized," by statements made by President Wilson and that he, himself, is looking forward to the future "with gravest apprehensions," President Ebert said today that he still hoped that American democracy would not accept the treaty framed at the peace conference. He rejected with disdain the suggestion that the present German government would resign rather than accept or reject the terms saying that the government would "hold out to the end."

"When in the course of 2000 years," he asked, "was ever a peace offered a defeated people which so completely contemplated its physical, moral and intellectual paralysis as do the terms enunciated at Versailles?"

Quotes Wilson Note
"In his message to congress, Dec. 4, 1917, President Wilson said: 'The frightful injustice committed in the course of this war must not be made good by wishing a similar injustice on Germany and her allies. The world would not tolerate the commission of a similar injustice as reparation and realignment.'"

(In his message to congress referred to in the foregoing paragraph, delivered when he asked that a state of war be declared to exist between the United States and Austria Hungary, President Wilson said: "The wrongs, the very deep wrongs, committed in this war must be righted. That of course. But they cannot and must not be righted by the commission of similar wrongs against Germany and her allies. The world will not permit the commission of similar wrongs as a means of reparation and settlement.")

Had Trusted Wilson
"The German people," President Ebert continued, "is only beginning to awake from the hypnosis into which it has been lulled because of its solid faith in the sincerity and truthfulness of Mr. Wilson's program and his 14 points. The awakening will be terrifying and we all look forward to it with gravest apprehensions. In the face of the cold, naked realities we still consciously cling to the faith which found its epitome in the names of Wilson and the United States and the conception of the democracy of the league of nations."

"We cannot believe that this has all

been an illusion and that the confidence and hopes of a whole people have been duped in a manner unknown to history. Even now, optimists are saying 'Wilson will not permit it, he dare not possibly permit it.'"

The president added that he and his party could not blame the pan-Germans for "the immediate haste with which they are digging up their former speeches and editorials in which the social democrats and other liberals were ridiculed for their belief in President Wilson's program."

Hopes for Best
"I and my colleagues," he said in conclusion, "upon whom rests the terrible burden of the forthcoming decisions hope and pray the German people who staked all on President Wilson and the United States shall not find themselves deceived. If however, the American democracy actually accepts the present peace terms as its own it becomes an accomplice and an abettor of political blackmailers; it surrenders the traditional American people of the fair play and sportsmanship and trails the ideals of true democracy in the dust. Notwithstanding the night now covering it I have abiding faith in the future of the German people and in the unconquerability of its soul. This people, which has given the world so much in science, learning and industry must not go down to oblivion. It still has a cultural mission to perform and ethical treasures to bestow."

President Ebert closed his statement by declaring the present government would "hold out to the last" and scouted the idea that it would "make room for others to accept or reject the treaty."

PEACE SUMMARY

By Associated Press Leased Wire
Several additional notes from the German peace delegation at Versailles now are before the allied powers for consideration. These notes were delivered to the council of four this morning and shortly after noon in Paris it was announced that the council had appointed a sub-committee of five—one member from each of the great powers—to deal with the German propositions.

The council also had under consideration the subject of ports and waterways and various details of the Austrian peace treaty now being framed.

Italy, it appears, is not insisting upon France and Great Britain carrying out all the terms of the treaty of London under which she was to receive extensive territories on the eastern shore of the Adriatic in the settlement of war claims.

This apparent willingness to make concessions in the negotiations looking to an agreement on the Fiume and Italian controversies is considered, according to advices from Paris, as indicating progress toward a definite understanding among the members of the council of four.

The subject of the German ships, both mercantile and naval, is again being pressed upon the attention of the

peace makers. It seems that Poland is claiming some of the warships which Germany surrendered, having presented her case in this respect to the council of foreign ministers.

Today's Paris advices also report renewed efforts by the British delegation to secure the pooling of former German merchant vessels. It is sought to have them distributed in accordance with tonnage losses by the various nations during the war. This would throw the ships interned in the United States prior to America's entry into the war into the pool, instead of their all being retained by this country.

The leading figures of the Austrian delegation are expected to arrive at St. Germain En Laye, near Paris tonight. In a statement before leaving Vienna, Karl Renner, Austrian chancellor and chief of the delegation, said that he would do his best to get as good terms as possible but that a "vanquished people could expect but little."

It has been announced that the bolshevik government of Russia has rejected the offer made through Dr. Fridtjof Nansen to feed the Russian people if the soviet regime would cease hostilities against other Russian factions. Nevertheless, a Paris dispatch today announced that Dr. Nansen has gone to Russia to open direct negotiations with Premier Lenin, regarding food relief.

Andrew Bonar Law, government leader in the British house of commons said yesterday, in answer to a question, that no attack on Petrograd by the allies was contemplated "at this moment." He admitted, however, that British warships were at Helsingfors Finland to act in case of emergency.

It is reported from Paris that the Poles and Ukrainians have arranged for a truce and it is indicated they may join forces against the bolsheviks.

Germany to Remove Every Evidence of the Hohenzollerns

Berlin, April 29.—(Correspondence of the Associated Press)—Marble busts, paintings, lithographs and chromos calculated to keep green the memories of

the dethroned Hohenzollerns are to be removed from public administration buildings, schools and other official premises in Berlin as a result of the resolutions adopted by the municipal council.

The debate on the motion, introduced by both socialist factions, evoked a sharp protest from bourgeois parties against the proposed iconoclasm, especially as Chief Magistrate Wermuth, contrary to expectations, announced his willingness to accede to radical wishes, declaring that the walls of public buildings should only be adorned with symbols of the prevailing authority of the state instead of those bygone rulers. He begged the council to repose sufficient confidence in his ability to perform an embarrassing duty with needed delicacy and tact.

The democratic deputies attempted to shame the radicals by telling them that even the French refused to stoop so low as to remove the likenesses of the Bonapartes and that Napoleon's tomb was still a revered shrine.

Just to what extent the resolution affects the long rows of marble Hohenzollerns which flank both sides of avenues of victory in the Tiergarten is a matter of conjecture.

"HEALTH WEEK"

May 12 to 18

THE report of the Provost Marshal General regarding the first draft under the Selective Service Act of 1917, disclosed the fact that only two men in three throughout the country, of the age when a man is usually at his physical prime, were sufficiently approximate the normal to be considered available for military service. In other words, every third young man had some rather marked physical disability. Considering that the minimum standards of physical capacity were not excessively exacting, this is a rather startling showing.

"Health Week" is here. You owe it to yourself, your family, your community, to subject yourself to a self-analysis, to find if you are enjoying the health that is rightfully yours. If not, there is nothing that will restore you to the fullest enjoyment of good health as Chiropractic Adjustments. Health is demanded and appreciated in times of readjustment and peace more than ever before. Your country asks for your cooperation to make "Health Week" a marked success. Chiropractic Adjustments can and will do for you to the fullest of your demands. Chiropractic has made good, and will continue to do so.

Make America the Healthiest Country in the World.

Food need
no longer
be wasted
or spoiled

Not an ounce of ice will be wasted if you have the right kind of a refrigerator.

Up to a few years ago we did not know that it was the fault of the refrigerator we had when the ice melted rapidly, when food became moist and spoiled, and when people were sometimes made ill because the foods were tainted.

Now we know better. You will be thoroughly convinced, we assure you, if you will take the trouble to come to this store, that we have a refrigerator here (the famous Automatic) that saves a great deal of ice because of its eight protecting walls; that has a constant, automatic circulation of pure, cold, dry air, so that foods cannot spoil.

You will see why food odors will not mix in this refrigerator—your milk will never taste of onions, etc. You will see and hear many things about how the good refrigerator of today should be and is built. And you are always welcome here, as you know.

A Book You Ought to Have

There's a little book that tells all about all you really ought to know before you buy any refrigerator, that we are giving away, without cost or obligation.

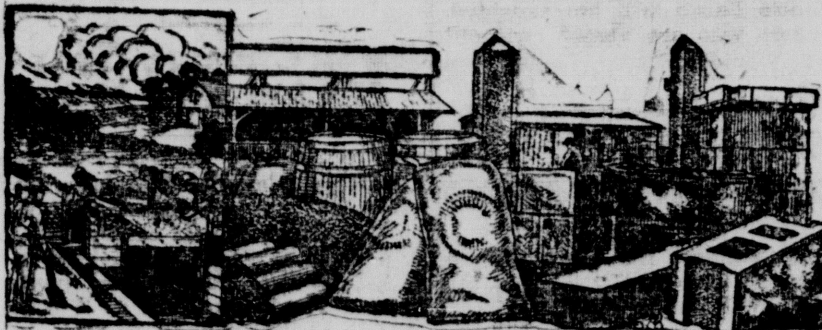

It tells how to guard against sickness caused by foods becoming tainted; how to save ice bills, food bills and doctor bills. Ask for an Automatic booklet when you call or write for it.

The devotional service was in charge of the president, Mrs. Philip Miller. A poem on "Consecration" was read by Mrs. Beede. The topic of the afternoon was "Women of the Orient" and much that was interesting was developed. Mrs. Beede also had charge of this. A beautiful mission thought was revealed in the leaflet, "The Magic Touch," read by Mrs. Homer Senneff. Mrs. E. S. Graves told of the work of the medical missionaries.

Rev. and Mrs. C. G. Unangst were guests at the meeting and the former talked interestingly of conditions in the Orient as affected by the World War.

The program closed with musical numbers furnished by a daughter in the home, Mildred Schrock, and Miss Margaret Knick. The two gave a piano duet together and Miss Schrock also gave a piano number alone.

Two new members were admitted into the society.

PHIDIAN ART CLUB—The beauties of spring are everywhere in evidence in Assembly park and the members of the Phidian Art club meeting yesterday afternoon with Mrs. Herman Rasch in her Assembly Park cottage enjoyed more of the delightful spring program provided for the afternoon's entertainment in the all-pervasive atmosphere of spring.

The program opened with selections by the Westminster Quartette, composed of Messrs. J. M. Tidball, A. H. Stoddard, Bert Green and Bert Raymond. With several encores, which generously gave upon demand, they gave in all five delightful numbers. The Westminster quartette is an especially happy over quartette is an especially harmonious organization and the members were very happy over securing it for a part of the afternoon's program.

Several beautiful poems dedicated to the springtime, were read by Mrs. Hoefler. These included William Cullen Bryant's, "An Invitation to the Country."

"The Kentucky Cardinal" was reviewed by Mrs. McVethy, and bits of the conversation from the book were quoted. This charming number closed the afternoon's program, which everyone felt was one of more than usual interest.

His talk, which met with hearty appreciation, was followed by two beautiful solos, sung by Miss Ione Scott, who was accompanied by Miss Lorraine Missman. Her numbers were, "Morning," by Oley Speaks, and "Irish Love Song," by Lang.

PROGRESSIVES LIKE LOWDEN.

In an effort to build an organization
which would have a controlling voice in
the next republican presidential cam-
paign, former leaders of the Bull Moose
party met in Chicago yesterday, at the
Blackstone hotel to consider ways and
means. They were headed by Governor
Henry J. Allen of Kansas and Gifford
Pinchot of Pennsylvania. The former
Progressives have hopes of putting Hil-
lam Johnson of California across, but
what is of more interest is the senti-
ment they apparently entertain toward
the proposed candidacy of Governor
Frank O. Lowden of Illinois. One of
the prominent members of the commit-
tee made the following statement in the
Chicago Tribune:

"One of the striking features of the
national political situation is the re-
gard many of the progressive republi-
cans have for your Gov. Lowden. He
has done two or three very fine things,
and, as we understand it, he has made a
first rate governor. So far as I know,
he is the only one on the Old Guard
slate the former Progressives could sup-
port with a full heart."

United States Senator Harding of
Ohio and Senator James Watson of In-
diana, it was gossiped, are two of the
old line candidates who are not causing
thrills in Progressive circles.

FALL IN LINE.

The great majority of Dixon people
are readily accepting the suggestions of
the Health Promotion Week commit-
tee, and are spending their spare time
this week in cleaning up their premises.
A few apparently have not heard the
call.

This is Clean-up Week, not only in
Dixon, but all over Illinois. Every
community in Lee county should be
taking part in this important and val-
uable movement. It goes for better
health. It is for the individual benefit
of every citizen. Good citizenship de-
mands painstaking and conscientious
effort to carry out the program.

THEY NEED ROADS AND SCHOOLS.

A short time ago a Virginia mountaineer,
Edgar Morris, walked up to Magis-
trate Sullivan in the courthouse at
Standardsville and shot him. He then
walked out deliberately, explaining to
friends that Sullivan had unjustly op-
posed him. He went into the mount-
ains, declaring that he would kill him-
self before he would be taken by the
authorities.

These mountain folk are descendants of
the best Scotch and Irish blood of the
seventeenth century. They kill because
they believe they are right in doing it.
The condition of their country compels
them to live apart from civilization.

It may sound trite, but it is true that
good roads and schools will do more to
stop these mountain killings than all
the processes of law that can be
brought against them.

THE BIG STIFF.

Jess Willard is a big stiff. Instead of
squandering his money on booze and
wild women and being a "good fellow"
along the great white way, he bought a
ranch and settled down to a quiet life
with his family and prepared to educate
his children. That is no way for a
champion to act. He has violated pre-
cedent. He is therefore, a big stiff. But
was there ever a champion who was not
a big stiff? That's part of the title,
isn't it? It always seems to go to the
victor, for soon after he wins, no matter
what his conduct, he becomes a big
stiff, and ought to be licked.

Some of these enterprising commer-
cial clubs around the country will prob-
ably try to get the Kaiser tried in their
towns. We'll guarantee the old cuss
justice if they bring him to Dixon.

The Ohio State Journal unkindly re-
marks that about the only time Mr.
Burleson does the right thing is when
he reverses himself.

There are few wrecks along the
straight and narrow path.

COLORED WOMAN
DIED LAST NIGHT

Mrs. Amanda Everett, one of Dixon's
oldest colored residents, dropped dead at
the Katherine Shaw Bethea hospital last
evening about 7 o'clock while attending
to her duties as cook and domestic in
the institution. She had been suffering
from heart trouble for several months
and was being treated for that ailment.
Mrs. Everett had been employed at the
hospital since early last August.

She had made her home for many
years at 324 Jefferson avenue and was
well known here. She was born near
Bowling Green, Ky., and had been a
resident of Dixon for about 19 years.
She is thought to have been about 65
years of age and as far as is known she
has no living relatives to mourn her
sudden death. One adopted daughter,
Miss Juanita Jones, of this city, is the
only survivor.

The body was removed from the hos-
pital to the Staples-Moyer & Schuman
undertaking parlors where Coroner
Whetston will conduct an inquest this
afternoon. The funeral will be held
from the Staples-Moyer & Schuman
chapel tomorrow morning at 10 o'clock.
Rev. Simpson will conduct the service
and interment will be made in Oakwood.

Mexican Ambassador
to France Received

By Associated Press Leased Wire
Paris, May 14.—(Havas)—Alberto J.
Pani, the new Mexican minister to
France, presented his credentials to
President Poincaré yesterday. The pre-
sentation was accompanied with the us-
ual ceremonies.

Senor Pani's withdrawal from France
was recently ordered by the Mexican
government because, it was stated, of
the long period he had been kept wait-
ing in Paris without having been given
an opportunity to present his creden-
tials. On May 11 however, it was an-
nounced by the minister, who was still
in Paris that he had been given notifi-
cation that he might present his creden-
tials May 13.

Lloyd George Will
Not Receive Dunne
and His Colleagues

By Associated Press Leased Wire
London, Tuesday, May 13.—(Delayed)
—It was learned tonight in official
quarters that Frank P. Walsh, Edward
F. Dunne and Michael F. Ryan, repre-
sentatives of Irish societies in the
United States who have been visiting
Dublin and other cities in Ireland will
not be received by Premier Lloyd
George on their return to Paris nor will
they be accorded any official or semi-
official recognition.

According to a Reuters dispatch from
Paris, Colonel E. M. House, who had
promised to endeavor to arrange an in-
terview between the American dele-
gates and the British premier, has now
in view of their activities in Ireland,
decided not to act as an intermediary.

The report that the premier had can-
celled arrangements to receive the dele-
gates was current in Dublin today but
could not be confirmed. Mr. Dunne and
Mr. Ryan reached London tonight but
declined to make any statement. Mr.
Walsh remained in Dublin when his col-
leagues left that city and is expected to
arrive here tomorrow.

Mr. Lloyd George has been subjected
to most bitter attacks for his alleged en-
couragement of the delegates' activities,
which are regarded as unwarranted in-
terference with British domestic affairs.
Even a serious journal like the Spectator
has gone so far as to assert that a
"dangerous conspiracy" is afoot for
committing the premier and the British
government to virtual recognition of
the Irish republic.

Mooney Strike Votes
to Be Counted June 2

By Associated Press Leased Wire
Chicago, May 14.—Officials of the Chi-
cago Federation of Labor announced to-
day that the votes of organized Ameri-
can labor on the "Mooney general pro-
test strike program" will be counted in
public on June 2 by the federal inter-
vention committee.

It was stated that 80,000 organized
workers in Chicago have voted to ac-
cept the program and that four million
votes would be cast throughout the
country to decide whether the wheels of
industry shall remain motionless until
Thomas Mooney and Warren K. Bil-
lings are released from prison.

The Chicago stock yards labor coun-
cil, representing 30,000 workers, voted
unanimously for the general strike in
behalf of the two men convicted of par-
ticipation in the preparation of the bomb
explosion in San Francisco. Sixty
thousand iron and steel workers here
also favored the strike, it was announ-
ced.

MANY BABIES WERE
EXAMINED THIS A. M.Committee Does Not Ex-
pect to Equal the
1918 Record.

The examination of babies by the phy-
sicians of the city, in connection with
Health Week observance here, was con-
ducted in the store room formerly oc-
cupied by the Dixon Grocery Co. today,
and from the time the examination
started at 9 o'clock until the hour of go-
ing to press there was a constant crowd
of mothers present with their little ones
to be examined.

The committee in charge has no ex-
pectation of examining as many babies
as were examined a year ago, for in
1918 a week was devoted to the work,
during which over 1,000 babies, 600 of
whom were from Dixon and immediate
vicinity, were examined. Since it has
been announced that children given the
tests a year ago who have maintained
usual progress did not need to be re-
examined again this year, it was estimat-
ed that a large percentage of the young-
sters given the tests last year would not
be brought to the headquarters today.

To-day the baby is officially recog-
nized as the most important citizen
of Illinois and it is safe to say that
more men and women are thinking,
talking and working for the promotion
of child welfare than ever before in
the history of the state. Interest in
Health Promotion Week grows with
leaps and bounds as the days pass.

Many communities which had made no
presentation for its observance have
had a sudden change of heart and are
making hasty preparations to carry out
at least some of the more important
features of the program. Last Sunday
was quite generally observed as
"Health Promotion Sunday" in spite of
the fact it conflicted with the general
observance of "Mothers' Day." "Clean-
up Monday" found larger numbers of
persons enlisted in service, while the
municipal bonfires of last night were
blazing in hundreds of towns and cities,
giving a festive setting to the night and
at the same time affording a means
for the safe determination of thousands
of tons of waste and rubbish. To-day,
as "Better Baby Day" or a "Child Wel-
fare Day" finds Health Promotion
Week in full swing in nearly every
progressive community in the State.

In many towns and cities, nurses,
physicians and public spirited women
have been weighing and measuring
babies for several days past while
systematic examination of children of
school age has been carried out in at
least a hundred communities. To-day
baby scoring contests will be in order,
and after thorough examinations of the
babies, physicians will be on hand to
point out the nature of the physical
defects which may be discovered and
to advise the parents as to how they
may be overcome.

In a score or more of Illinois com-
munities "little mothers' leagues" are
being organized among the girls of the
eighth grades of the public schools and
first instructions are given to these
school girls in the care of babies. Am-
ong boys and girls of all grades, mod-
ern health crusaders are perfecting
their organization for public health
work. Through the activities of the Illi-
nois Tuberculosis Association, during
the past three or four months, over
1,000,000 school children have been en-
listed in this organization.

The Division of Vital Statistics of the
State Department of Public Health re-
ports a marked increase in birth re-
registrations throughout the state as a re-
sult of the publicity given to birth re-
gistration during the past few days. In
many instances parents are applying to
local registrars who, in the larger com-
munities are usually the city clerks or
city health officers, asking for the re-
gistration of births of children many of
whom are of school age and not a few
fully grown. The embarrassment oc-
casioned in proving age before the ex-

National army proved conclusively the
advantage of seeing to it that each
birth is made a matter of public re-
cord.

Tomorrow is "Medical Examination
Day" on which all adults are urged to
go to their family physicians or to re-
port to the dispensary or examination
stations which have been created in
some communities for thorough exami-
nation for the detection of incipient dis-
ease. It has become the custom among
many men of large affairs to go to their
physicians once or twice a year to be
thoroughly overhauled and, by such
periodical examination, tuberculosis,
Bright's Disease, diabetes and other in-
sidious and chronic ailments are often
discovered before they would be other-
wise suspected and while still in a cur-
able stage. According to Dr. George
Thomas Palmer, president of the Illi-
nois Tuberculosis Association and As-
sistant director of the state department
of public health, "If every man and woman
would submit themselves to thor-
ough periodical examinations, tubercu-
losis would decrease in Illinois during
the next five years with astounding ra-
pidity."

week-end there with Miss Alice Lehman
the latter's sister, who is a student at
the Bethany Bible school.

SUPER GUESTS—

W. V. Lehman, son Samuel, and
daughter, Kathryn, motored to Lee
Center Tuesday evening where they
were entertained at the home of Mr.
and Mrs. Henry Hicks at supper.

MUSICAL AS BENEFIT—

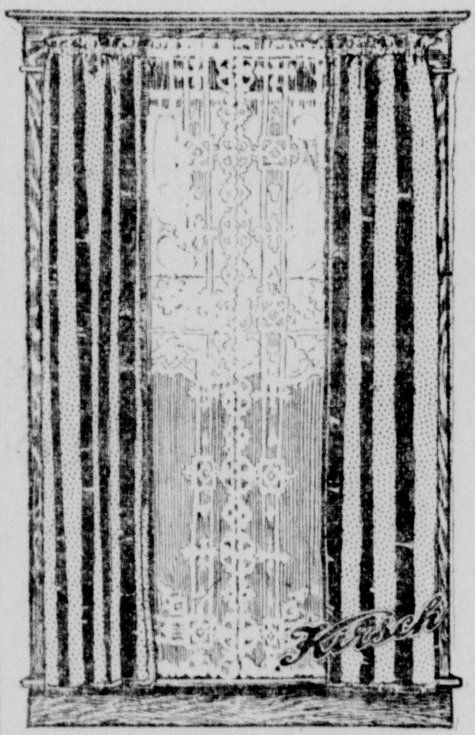

Mrs. Bradford Brinton will give a
musical at her home next Wednesday
for the benefit of St. Agnes' Guild.

FOR MISS SELF—

Miss Bessie Self, whose engagement
to Frank Merriman was announced re-
cently, was made the honoree of a mis-
cellaneous shower by the members of
her Sunday school class of the Chris-
tian church, taught by Mrs. Clinton
Rhodes, and a few other friends. The
evening's enjoyment began with a sur-
prise scramble supper at the home of
Miss Self to show them her chest of
linens, etc., for her new home. Miss Self
was more surprised than the guests to
find in it many additional pieces of sil-
ver, cut glass, china and linen than
were there before.

THE PROMOTER'S WIFE

By JANE PHELPS.

NEIL REFUSES BAB HIS USUAL
CARESS

CHAPTER XVIII.

When Neil came down his aunt was
with him, so I could say nothing to him
of a private nature. I was terribly hu-
miliated by the stand he had taken, and
—I had discovered nothing. Had I, per-
haps I would not have felt so chagrined.
But the idea that he would tell his
office force that I, his wife, was not to
be allowed in his private office was so
belittling. Then came the thought that
he might only have said that to fright-
en me, that he had not given such or-
ders. Really it wasn't quite sensible to
think that he would. It would humili-
ate him as well as me to say such
things to his employees. I breathed a
bit more freely after this thought came
to me, and tried to join in the conversa-
tion as usual.

All through dinner Neil chatted with
his aunt in his ordinary manner but not
as far as I could see did he look at me.
Several times I tried to attract his at-
tention but to no purpose. Just as we
finished I heard Robert crying.

"I wonder if he is sick," I said as I
hurried up stairs. He was such a good
boy, so bright and cheery, that I could
not imagine him crying unless badly
hurt or ill. Neil and aunt had both fol-
lowed me, he immediately, she more
slowly. Robert had fallen out of bed.
The nurse already had put the idea
and was making him laugh at the idea
of so big a boy being so careless as to
roll on the floor. As Neil and I stood
together in the door of his room watch-
ing the little scene, I slipped my hand
into his and said:

"Please don't be angry with me, Neil.
I know I did wrong, but I have been so
unhappy about—her. Don't you for-
give me, and take back those unkind
things you said?"

"I do not wish to discuss what you
have done, now or ever. I shall expect
to be obeyed however in that you need
never attempt to criticize me again."
His tone was filled with a sort of dis-
gust that hurt me terribly, but aunt
joined us, asking what had made Rob-
ert cry, and so affectually preventing
my reply.

I remained up stairs a few moments.
Tears were very near and I must not
give way to them. Aunt would at once
notice them and ask the cause. When I
went down to them she was making
good her threat to urge him to give up
attending to business in the evening be-
cause of the injury it was bound to be
to his health. He was fidgeting and al-

tho he said nothing I felt he welcomed
an interruption.

"Bab says all men attend to business
in the evening now-a-days," she remark-
ed, "but I cannot believe it is right."
Did I see a fleeting look of relief on
Neil's face as she spoke or did I imag-
ine it? I concluded the latter as he rose
almost immediately and told her that in
spite of her "business lecture" he spoke
facetiously, he must leave us on a very
important business matter. I followed
him out into the hall. I held up my face
for his usual kiss.

"Don't sit up for me, I shall be late,"
he said as he opened the door, ignoring
my silent plea for a kiss.

"Aren't you going to kiss me good
night?"

"No. I have no wish to caress a
woman whose sole purpose seems to
spy upon me, and use underhand meth-
ods to gratify vulgar curiosity."

Tears fell in spite of me as he closed
the door. It seemed such a cruel
speech. I don't think the full enormity
of my act had occurred to me until he
refused to kiss me. We women are of-
ten like that. A little thing said, a
caress refused means more to us than
something of far greater import.

"Aren't you coming in here Bab?"
aunt called. "Suppose you play for me
a little while. You have scarcely touch-
ed the piano for the last few days."

I was thankful she was in the mood
for music. I asked her not to switch
on the lights as she followed me to the
music room. As I often played so in
the evening she said nothing and
seated herself to listen. While as I
played a symphony I knew she loved,
scalding tears fell upon the keys.

UKRAINIANS WIN NEW SUCCESSES FROM RED ARMY

By Associated Press Leased Wire
Vienna, Monday, May 12.—(Delayed)—Russian bolshevik forces have met with new defeats from Ukrainians led by Simon Petlura Zeleney, another peasant leader is leading fresh revolts throughout the governments of Kiev, Tchernigov and Poltava and the bolsheviks have been forced to reinforce their troops in these districts.

The government of West Ukraine has sent a mission to Italy to secure the release of prisoners held there, who it is planned will be sent to reinforce the army fighting against the bolsheviks.

FOOD EXPERT TO RUSSIA.
By Associated Press Leased Wire
Paris, May 14.—Dr. Fridtjof Nansen, head of the commission to feed Russia, has gone to that country to negotiate directly with Nikolai Lenine, the bolshevik premier, on the question of food relief and the cessation of fighting.

A Paris dispatch received last night stated that a message had been received there from M. Tchitcherine, bolshevik foreign minister of Russia, announcing that the bolsheviks refused to cease hostilities as a condition of the provisioning of Russia by neutral countries.

CHICAGO FACES MILK SHORTAGE; DRIVERS STRIKE

By Associated Press Leased Wire
Chicago, Ill., May 14.—Three thousand milk wagon drivers today went on strike in Chicago, virtually tying up the city's milk supply. Representatives of the drivers, who are asking wages in excess from \$26 a week and commission to \$35 and commission, said that emergency deliveries would be made to hospitals and baby asylums. No violence was reported.

While the strike had been threatened for several days the first definite information received by the public was in the form of empty bottles at back doors today.

Compromise Offered.
The distributors said that they were willing to increase wages but that any increase would necessitate a one cent a quart increase in the retail price of milk. They offered to compromise by proposing a \$2 a week wage increase, which was rejected.

Later the distributors, all members of the Illinois Milk Dealers association, prepared telegrams to milk producing associations ordering the supplying stopped for the next few days.

Union For Finish Fight.
Officials of the union said the men were financially prepared for a "finish battle" and that the employers would suffer great loss unless a speedy settlement were reached.

The employers, after cancelling the supply, said that the loss would not fall upon them but upon the farmer.

After the strike was started at a few companies, other companies, in line with an agreement, locked out the drivers before they were called to strike, employers representatives announced.

Lines of consumers, with jugs, cans and pitchers were formed about some of the centrally located distributing stations.

In Hoboken—Mrs. H. W. Stevens received a telegram yesterday telling of the arrival of her son, Harold Metzler, of the 123rd Heavy Field Artillery, at Hoboken, N. J., yesterday. As he was injured in a railroad accident some time ago, he was probably sent with the casualties.

ELOPERS TRIED TO GET LICENSE IN DIXON COURT

(Continued from Page 1)

they cruised around the lobby waiting for morning. They were drifting when a harbor patrol, in the guise of a policeman, came in and arrested them and took them to jail. They are there now.

Her Husband in France

The woman is Mrs. Louise Nance of Mendota. The boy is Roy E. Clemons of Paw Paw. Mrs. Nance met Roy soon after her husband, Henry Nance, went to war. He is now in the American Army of occupation in France. Roy's

mother has sent the police word that she will come for her boy.

Mrs. Nance and the boy have been sailing love's seas for the past six weeks. At Dixon, and other northern Illinois towns, they found it was impossible to get a marriage license because of Roy's boyish appearance. The couple finally went to Fairfield, Wis. The county clerk there laughed at them and told Clemons "to go home to his mamma."

The pair came to Aurora yesterday and rented a furnished room in the home of C. F. George in Union street. They said they were to be married, but when George saw the boy he told the woman they could not have a room in his home. Unable to get a room in any of the hotels, the woman and the boy planned to spend the night in the hotel

lobby, but the difference in their ages attracted the suspicions of Detective Reiland, and they were arrested.

"Treated Her Well," Woman Says
"Roy is a nice boy and treated me better than my husband," Mrs. Nance told Assistant State's Attorney Amell today. "Before my husband went to war he abused me a lot. We were married more than a year before he enlisted. I met Roy in Paw Paw and fell in love with him because he is a nice boy. I thought I had a perfect right to marry him because my husband abused me."

The Clemons boy's mother sent word to the police that she would come for her boy. He was indignant at Detective Reiland for breaking up his wedding plans. Reiland, he said, was a "dog-gone fool."

"The policeman who arrested me and

Mrs. Nance isn't peach," he said. "We had as much right to be sitting in the hotel as the rest of the people. The dog-gone fool told me when he brought us to jail that he would give us a nice place to sleep and that he would let me out this morning. Now, dog-gone it, it is after 9 o'clock and I am still here. I'd like to see any other copper ever get me to go to jail again."

Roy was never away from home over night until he eloped with Mrs. Nance, the police have learned.

Assistant Prosecutor Amell said that the boy would probably be sent back home to his parents and that the woman would also be released from custody.

Mr. and Mrs. J. J. Wagner and daughter, of Ashton, were visitors in Dixon Tuesday.

COUNCIL DEFERS ACTION ON PLAN FOR BOND SERIES

(Continued from page 1.)

mayor instruct the Dixon Water Co. to lay mains from Noble avenue and Second street, north to Park avenue.

That Depot Ave. Fountain. Residents along Depot avenue in Dementtown appear to have different ideas as to the placing of the new drinking trough in that part of the city. Some favor having the fountain set in the same place it originally stood at the intersection of Seventh street and Depot avenue. There is some opinion that the street should not be partially obstructed with the trough inasmuch as it would be dangerous to automobile drivers and still a third suggestion has been offered that the fountain be placed at Fifth street and Depot avenue, and this is the one most favored by the council. At the meeting next Tuesday evening, the council will decide upon the location of the fountain and in the meanwhile a canvass of the business houses of Dementtown will be made to get the preponderance of opinion.

Commissioner Campbell informed the council that his attention had been called to the dangerous automobile crossings at intersections of River street and Crawford and Galena avenues. Narrow escapes from accident are reported almost daily at these crossings, but a state law provides that automobiles must run at a speed not to exceed six miles a hour when approaching such intersections.

The commissioner also informed the council that the rate being charged by the city for lot care in Oakwood cemetery was insufficient at this time with the high cost of materials and labor and that this part of the work in the cemetery had been conducted at a loss for some time. The council took no immediate step to remedy this loss but will probably take some action at the next meeting.

Commissioner Slothower offered a motion recommending that section two of ordinance 188 be amended. This section of the ordinance has to do with the salaries of police officers employed by the city of Dixon and requires that an officer shall be employed more than two years in order to receive a certain salary. The ordinance was altered to read that the officer should receive a salary of \$78.65 the first year of service, \$84.70 the second and thereafter \$90.70. The motion as presented by the commissioner was unanimously adopted.

The annual appropriation ordinance was read and placed on file, together with the annual report from the police department. Semi-monthly bills amounting to \$1,293.16 were read and allowed.

State and municipal laws govern the production of milk today. But over 60 years ago Gail Borden formulated the sanitary code which served as a basis for all later protective regulations.

The ideal of Gail Borden—pure milk the year round and pure milk for all—is still the ideal of the Borden Institution.

SOLDIERS' LETTERS

Mr. and Mrs. B. F. Snyder have received two letters recently from their son, Jake Snyder, who is with the American Army of Occupation in Germany. A note received a few days ago tells of the news of Mayor Mark D. Smith's election in this city as recorded in a Paris paper:

April 17.

Dear Dad: I can tell you who is the mayor of Dixon—Mark Smith. Now, how is that—a pretty good guess? I knew the next day after election as it was in the Paris Chicago Tribune, which I am mailing to Mark. You can get it from him. That is pretty good service. Suppose every one is satisfied. I think that he will make a good mayor. Must go now, love to all,

Your son, JAKE.

Ulmen, Germany, April 14, 1919.

Dear Dad and Mother:

Two letters today dated March 17 and 24. So Charlie Miller is going to have some work in the coal bin, is he? Well, tell him that I think it will be so dry when I get back that he will have to teach the frogs how to swim and that my beard will be long and gray and they will have to serve gum drops. That is how long I think it will be before I

get back, but we will have to have a blow out just the same.

We have not moved yet but expect to in a few days. The Sixth has come up to take our place. Will have to look John Buckley up the next time I get to Coblenz. I thought that I saw him the other day of Coshem on a motorcycle. You bet, Wilson is strong with the boys over here. It is not his fault that we don't get peace. I could tell you the reason if I dared to. There are too many nations want to come in now for their share. It is going to be some time before they come to a settlement and all we have to do is to sit on the Rhine and wait. Tell mother I have taken some pictures but will have to wait until I get some place where I can get them printed. Suppose you are having fine weather. It has been raining here for the last four days. So you think you will close the Princess. I would too, if there isn't money in it. Get a soft job and take it easy and don't be working for nothing. Give my best to the exalted ruler. Love to mother and granddad. Suppose you have the box by now and

the helmet. Hope this finds you all well, Your son, JAKE.

Velvet THE FRIENDLY TOBACCO

Horse Sense About Tobacco

Good tobacco ought to be like a well-bred hoss—all th' kick taken out but all th' sperit left in.

You see, half the secret of makin' a good hoss is in the breedin' an' half in the breakin'. Selectin' tobacco that's grown right is only half of makin' Velvet. The agein' is the other half.

Thar's only one kind of agein' that gets th' right results—Nature's own. Nature's no clock watcher. She does a job right whether it takes two years or two thousand.

So when she gets through with the fine Kentucky Burley that we put away in wooden hogsheads for two years, it's just right.

It ain't been hurried none, or short-cutted. It's a Nature-done job.

All kinds of things are packed in tobacco tins, but your good neighbor will tell you "Velvet is the real pipe tobacco." Prove it for yourself.

Local Druggists Report Large Sales of this Amazing Powder Tonic Containing 12 Wonderful Ingredients

When one bodily organ goes wrong usually the whole human machine is affected. That is why a remedy which acts only upon one organ, such as the liver or stomach, is frequently ineffective. Flaxolyn gives the whole body a general overhauling. It rebuilds ragged nerves, relieves stomach trouble, stimulates the kidneys and bladder, purifies the liver, cleanses the intestines.

Physicians were first to make Flaxolyn popular. Dozens of orders from practicing doctors arrive daily at the Flaxolyn factory.

B. LUST, N. D. M. D., New York, says:

I have lately been using your Flaxolyn, my last order of which was three dozen, in my treatment of a number of my patients at the Butler Sanitarium. I find it a great help in assisting the process of elimination of irritants from the system. It helps bring the body back to its normal stage. It is certainly a natural food remedy.

CORN DECLINES DUE TO BETTER WEATHER TODAY

Chicago, May 14.—Excellent weather for planting tended today to force the corn market down a grade. Developments in the European diplomatic field were also given a bearish construction by many traders. Besides gossip was current that measures would soon be taken to permit a renewal of before the war methods of dealing in wheat. Opening prices, which ranged from 1 1/2 to 4 1/2 lower with July 1.60@1.62 and Sept. 1.53 1/2 to 1.55, were followed by slight additional setbacks and then by a moderate rally.

Oats were off with corn. After opening 1/2 to 1 1/2 down with July 66 1/2 to 67 1/2 the market sagged a little further and then recovered somewhat.

Provisions declined with grain and hogs. Selling however was not aggressive.

Lowest price of the day came after a statement issued by the national wheat director that immediate reduction in the price of wheat was believed to be assured. The market closed unsettled at 1 1/2 to 3 3/4 net decline with July 1.62 to 1.62 1/2 and Sept. 1.54 1/2 to 1.55.
